

Instructions to download the app

App will be available starting April 3rd, 11:00 a.m. ET

How to download the app through iTunes

1. Open App Store on your iPhone or iPad*
2. Click the Search button
3. Type in "Symbility Mobile Claims" 
4. Click "GET" to download the app

*If you are downloading the app for your iPad, please make sure to select "iPhone version" before searching.

If you currently use the Symbility Mobile Claims app, the update will over-write it the next time the app updates. You may proceed using your current login credentials.

How to download the app through Google Play

1. Open the Google Play Store app. Note: you can also go to play.google.com
2. Search or browse "Symbility Mobile Claims" 
3. Select "Symbility Mobile Claims"
4. Tap Install

If you currently use the Symbility Mobile Claims app, please proceed to download the new Symbility Health mobile app. After this is completed, you can delete the old app as it will no longer be valid.
