# Animation

UC
"f"

Silicon Valley Career Technical Education

Animation (UC "f")

Acquire skills in basic figure drawing, cell animation, and 2D and 3D computer animation. Develop an understanding of script writing, storyboarding, and sound design. The animation industry has been growing in Silicon Valley for the past several years. There is a need for animators to work on films, video games, web designs, and various advertising campaigns. The best candidates for these job positions are the ones with both technical computer skills as well as fine art skills. It is a competitive industry with salaries ranging from $60,000 to $150,000. The class focuses on academic, technical skills, and employability practices. Students will develop personal and professional skills in the classroom that will transfer to the workplace:

- Drawing for animation
- Traditional animation
- Concept development
- Storyboarding
- Script writing
- 2D computer animation
- 3D modeling
- Flash game design
- Web design
- Sound design
- Production management
- Portfolio development

CLASS BENEFITS

- 20-30 high school credits earned per year
- Develop skills leading to a highly paid, high demand job
- UC "f" approved course

CERTIFICATIONS EARNED WITHIN THE CLASS

- Class completion certificate
- Digital Portfolio of completed assignments

JOB OPPORTUNITIES UPON COMPLETION

- Animator
- Motion Graphics
- Web Developer
- Character Designer
- Video Game Designer
- Banner Ad Designer
- Background Artist/Storyboard Artist
- Director/Producer/Writer
- Storyboard Artist
