

WAYFORTH™

EXPEDITED MOVE-INS | INTERNAL MOVES | CLEANOUTS

The Culpeper Senior Living Community's Large-Scale Move

The 88 residents of The Culpeper couldn't wait to take advantage of the multiple dining rooms, wellness center, and library in their new state-of-the-art facility, but first they had to move in. Moving is never easy, especially when you factor in the challenges of transferring a healthcare unit, downsizing resident rooms, and adjusting for last-minute levels of care change.

The versatility of WayForth's tactical, yet compassionate, service offering is the perfect solution to large-scale, complex, or multi-step senior moves.

WayForth provided a complete solution to The Culpeper's myriad challenges:

- Certified Senior Move Managers created custom floorplans with the residents.
- Trained packers and movers worked quickly and efficiently, packing, moving, and unpacking all 88 residents in 3 days.
- Team leads helped the residents feel at home in their new units by resettling their belongings as they were before.
- Operations managers coordinated building logistics and provided and removed all supplies.

A Stated Success

"We will always remember the extremely professional job you guys did at the Culpeper. The residents and staff were still talking about how proficient you all were and the caring attitude you and your staff exhibited. It is refreshing to see an organization such as yours operate so smoothly." - Resident
