**adapted from Michael Neill's Obstacle Analysis Grid (2007)*

Information <i>Do we have all the information we need to be successful?</i>	Skill <i>Do we have the right skill set?</i>	Belief <i>Do these plans seem achievable?</i>
Well-being <i>Do people feel robust enough to deliver what's needed?</i>	Other People <i>Are the people we need all actively supporting us (both int. & ext.)?</i>	Motivation <i>Is there enough buy-in and interest to get these plans delivered?</i>
Time <i>Are the timescales realistic?</i>	Resources <i>Do we have adequate resources to deliver these plans?</i>	Fear <i>Do our people feel confident enough to do what's needed?</i>
