 - b) an explanation of how the central idea was developed, and
 - c) supporting evidence to support your thinking.

Multiple Choice Revision

2) Fill out one section below for each incorrect multiple choice.

a) *For example, if you received a 40%, that means you must fill out three sections.*

Example:

When I first answered question #1 I chose (A / B / C / D) because

I did not understand the question and thought the question was asking for a definition.

However, I realize now that the correct answer is actually (A / B / C / D) because

the question was asking for an antonym, which is the opposite of a definition.

I got ____ / 5 questions incorrect.

When I first answered question #____ I chose (A / B / C / D) because

However, I realize now that the correct answer is actually (A / B / C / D) because
