

# We're launching a Project-Based Learning Unit!

Dear parents,

I'm excited to inform you that our class will be participating in a Project-Based Learning (PBL) initiative. This unit will run from \_\_\_\_\_ to \_\_\_\_\_.

Project-Based Learning is an initiative that encourages students to tackle real-world challenges and create realistic solutions. In a PBL initiative, students hone their problem-solving and critical thinking skills. PBL initiatives model the same type of work that students may one day perform in a career – they will research a problem, ideate solutions, and produce a project. They will measure the success of their solution and receive feedback from local experts in the field of their project.

For this unit, our students will tackle the real-world challenge of:
