JESUS CARES MINISTRIES A MINISTRY OF THE LUTHERAN HOME ASSOCIATION

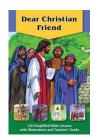

Jesus Cares Ministries relies on charitable support to assist congregations in reaching out to people with intellectual and developmental disabilities, their families and communities. Below are some ways you can help us encourage Bible studies, worship and fellowship opportunities.

CLASSROOM SUPPLIES

Sometimes when we help launch a JCM program there is not money available for all the materials and resources. Your donation for any of the following will allow Jesus Cares Ministries to supply these items to programs that are not able to initially afford them.

Rhythm instruments for Worship at the Cross \$75: Help add joy to worship by supplying rhythm instruments for participants to use.

Dear Christian Friend curriculum on CD \$199: Four-CD set of 110 chronological Old and New Testament lessons incorporating many picture communication symbols.

\$390: Learning is easier for our students with extra visuals to help. Give them a hand by gifting a felt board.

Desk bells \$220: The multicolored and numbered bells are durable and easy to play. Either tap the top like a desk bell or hold the handle like a hand bell.

LAPTOP (2)

JCM is a growing program serving many geographical areas, and our consultants are constantly on the move. A new laptop will help them share God's

\$1,200 each

word with more people in more places.

VIDEO BIBLE LESSONS (15/year) \$3,500 each

Visual aids help people with disabilities communicate, express themselves and focus. To help JCM participants, JCM and Salty Earth Pictures are working together to produce a total of 110 videos, each 3-to 5-minutes long, portraying the major Bible stories.

\$25,000

USED AUTOMOBILE

JCM works with congregations across the United States; there's a lot of travel involved! Help us attend and

facilitate services by donating your used automobile to carry us where we need to go.

To make a gift, contact **Joel Gaertner** at (920) 517-0381 or jpgaertner@tlha.org.
