

Hocking College & Excelsior Community College

Degree Completion Pathway

Network Systems & Cyber Security

Two Degrees in Two Years – An Amazing Opportunity!

Hocking College (USA) and Excelsior Community College (Jamaica) have entered into a partnership that provides a pathway for ECC students to earn a degree from Excelsior Community College and Hocking College in two-years. Students have dual credentials, one degree from Jamaica and one degree from the United States of America.

How Does the Degree Pathway Program Work?

- Step One: ECC students enroll in the Network Systems & Cyber Security degree program in Jamaica.
- Step Two: ECC students submit an admissions application to Hocking College
- Step Three: ECC students take a series of courses in Jamaica or online taught by Hocking College faculty.
- Step Four: ECC students travel to Hocking College and take courses for 8-weeks in the summer OR stay in Jamaica and a Hocking College professor delivers the courses to them on-site
- Step Five: ECC students graduate and earn a degree from both Excelsior Community College and Hocking College upon successful completion of all required course work.
