Hocking College & The Joint Committee for Tertiary Education

Degree Completion Pathway from COS Motor Vehicle (Loss Adjusting) Degree

Two Degrees in Two Years – An Amazing Opportunity!

Hocking College (USA) and The Joint Committee for Tertiary Education (Jamaica) have entered into a partnership that provides a pathway for students in Occupational Studies programs in Jamaica to earn a degree from Jamaica and Hocking College in two-years. Students have dual credentials, one degree from Jamaica and one degree from the United States of America.

How Does the Degree Pathway Program Work?

- Step One: JCTE students enroll in the Motor Vehicle (Loss Adjusting) degree program in Jamaica
- Step Two: JCTE students submit an International Student Admissions application and all required documentation to Hocking College
- Step Three: JCTE students travel to Hocking College and take courses for 8-weeks in the summer
- Step Four: JCTE students graduate and earn a degree from both JCTE and Hocking College upon successful completion of all required course work

How Much Does the Degree Pathway Program Cost?

8-week summer program at Hocking College includes a \$2195 Jamaican Students Scholarship. Students are responsible for travel costs. See Pathway below for specific costs.

Jamaican students are eligible to work on-campus up to 15-hours a week with most positions paying \$8.50 hour.

COS Motor Vehicle Insurance (Loss Adjusting) pathway to HC Associate of Technical Studies in Motor Vehicle Insurance (Loss Adjusting) & Management
