

Practical Nursing

PROGRAM DESCRIPTION

Practical Nursing Program

Hocking College offers a three semester program which results in a Diploma in Practical Nursing. Courses include holistic care, care of the adult, pharmacology, child health, obstetrics and medical surgical nursing. Additional classes focus on basic psychology, anatomy and physiology and pharmacology. Enriched clinical experiences for the nursing program are obtained in hospitals, long-term care facilities, and clinics within a 75-mile to 100-mile radius of the college. Students participate in simulation exercises within the human patient simulation lab and the nursing skills lab, and are given numerous hours in the clinical setting to learn and practice skills.

The Practical Nursing Program prepares students for licensure and practice as a Licensed Practical Nurse, and students will be eligible to take the National Council Licensure Examination (NCLEX) to become a Licensed Practical Nurse.

Hocking College PN graduates who obtain their license may apply to the LPN to RN transition program to pursue an Associate Degree in Nursing (ADN).

PROGRAM PRE-REQUISITES

As part of the orientation process, students are required to complete pre-clinical requirements such as a background check, drug screen, vaccination records, physical examination and CPR for the professional rescuer prior to beginning clinical/theory coursework. In addition, students need to pass the TEAS exam at the “proficient level” to be considered for the program.

ACCREDITATION

The Practical Nursing Program is approved by the Ohio Board of Nursing (OBN).

PLACES OF EMPLOYMENT

Examples of places where Hocking College alumni have worked or are currently working include the following:
**Holzer Health System • Fairfield Medical Center • OhioHealth O’Bleness Hospital • Nationwide Children’s Hospital
