

Early Childhood Teacher Education

PROGRAM DESCRIPTION

Early Childhood Education Program

The Early Childhood Education Program prepares students to become employed in the early childhood field through a variety of courses that are essential to the success as an early childhood educator. Courses in this degree program include childhood development, instructional strategies, academic skills, general education, special education, and classroom management.

For students who plan to continue their early childhood education for educator licensure (PreK-5) at a four-year institution, the Early Childhood Education Program provides a solid base of coursework for transfer. If the goal is to teach at the middle school or high school levels, students are encouraged to meet with an academic adviser regarding appropriate course work.

PLACES OF EMPLOYMENT

Examples of places where Hocking College alumni have worked or are currently working include the following:

Head Start • Stages Early Learning Center • The Ohio University Child Development Center • Logan-Hocking Local Schools

ALL-INCLUSIVE PRICING

Hocking College offers all-inclusive pricing and works with students to assure they have complete college funding, including financial aid, before they start classes. All-inclusive pricing includes the following:
