

# Parks and Museum Education

## PROGRAM DESCRIPTION

### Parks & Museum Education Program

The Parks and Museum Education Program at Hocking College has become renowned for training experienced, confident and talented educators. Students in the program will be trained to educate others about the environment and human connections to it.

Classes use the backdrop of Southeastern Ohio to extract stories of interest in the natural world and the history of nearby areas. Emphasis is placed on practical experience, leading programs with groups of all kinds, exhibit design and development of interpretive sites. Students will also receive unique training in researching and developing living history subjects and techniques.

Hocking Woods Nature Center provides students the opportunity to work with captive wildlife, including raptors and reptiles. We even have a planetarium for learning and teaching about astronomy and night interpretation. Robbins Crossing is a collection of authentic log homes that allows students to practice “living history” presentations in period clothing, designed to engage visitors in the skills and lifestyles of the past including blacksmithing, wood stove cooking and woodworking.

## PLACES OF EMPLOYMENT

Examples of places where Hocking College alumni have worked or are currently working include the following:

**National Parks Service • State Parks • Conner Prairie • Aquariums • Zoos**

## ALL-INCLUSIVE PRICING

Hocking College offers all-inclusive pricing and works with students to assure they have complete college funding, including financial aid, before they start classes. All-inclusive pricing includes the following:

### PER SEMESTER

\$300.....Learning Fee  
\$20.....Health Center Services  
\$75.....Career Center Services

### OPTIONAL

\$53.....Parking  
\$275....Smart Start\*

\*Recommended for all first-year college students

Pricing for housing and meal plans can be found at [hocking.edu/residence-halls](http://hocking.edu/residence-halls).

# DEGREE TRACK

The listed degree track is for students beginning classes in May 2021 who will pursue an Associate of Applied Science in Parks and Museum Education.
