KEY DIFFERENTIATOR

Jive Mobile

Today's workforce
doesn't stay in one
place—why should
your phone system?

KEY DIFFERENTIATOR

Dial Plan Editor

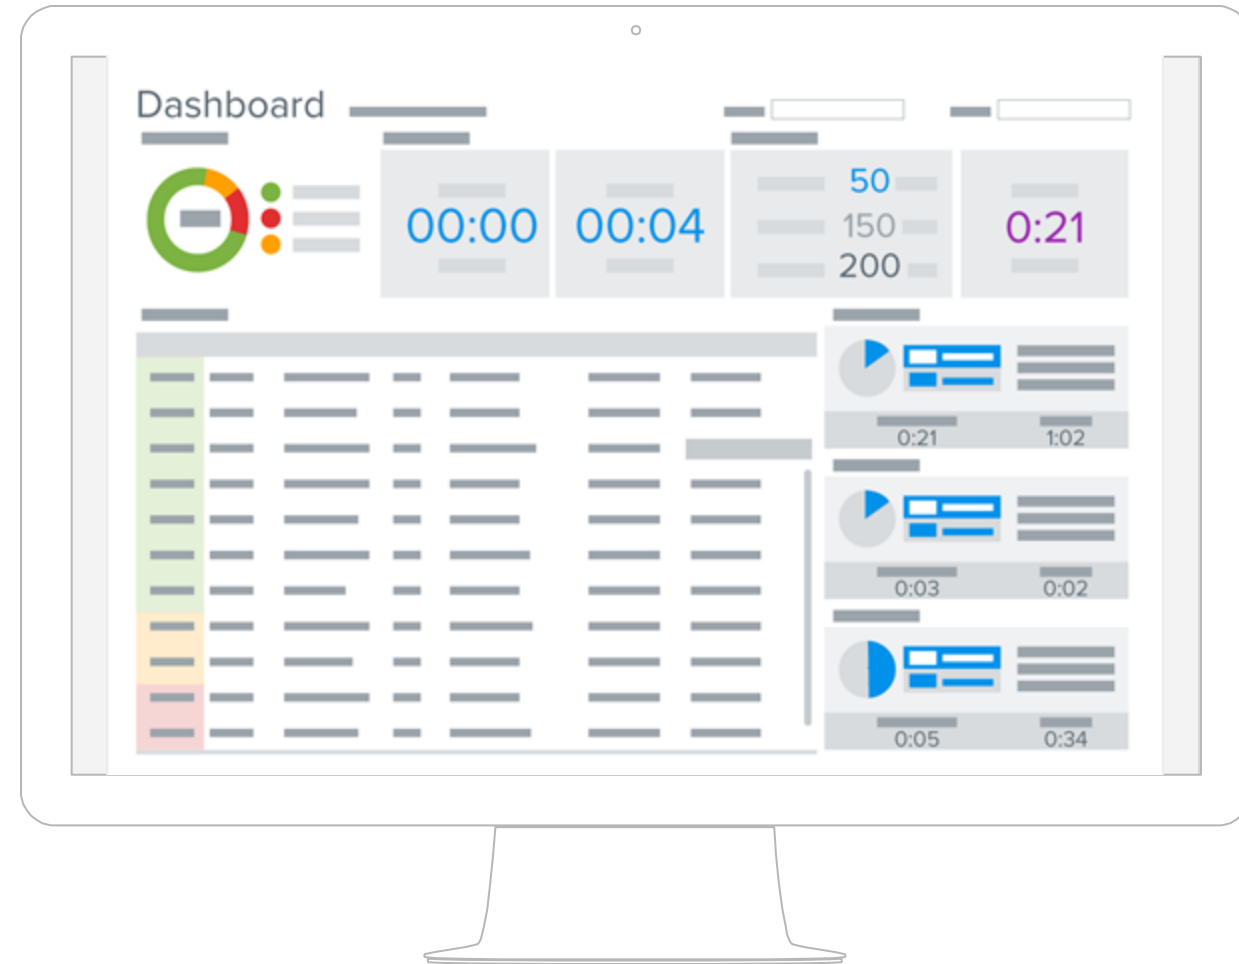

Welcome to the easiest phone system configuration and management tool on the planet.

KEY DIFFERENTIATOR

Call Analytics

You can't manage what you don't measure.

KEY DIFFERENTIATOR

Paging Integration

Don't worry about upgrading that paging system. Seamlessly integrate it into Jive Voice, then page from any device, anywhere.

KEY DIFFERENTIATOR

Custom Integrations

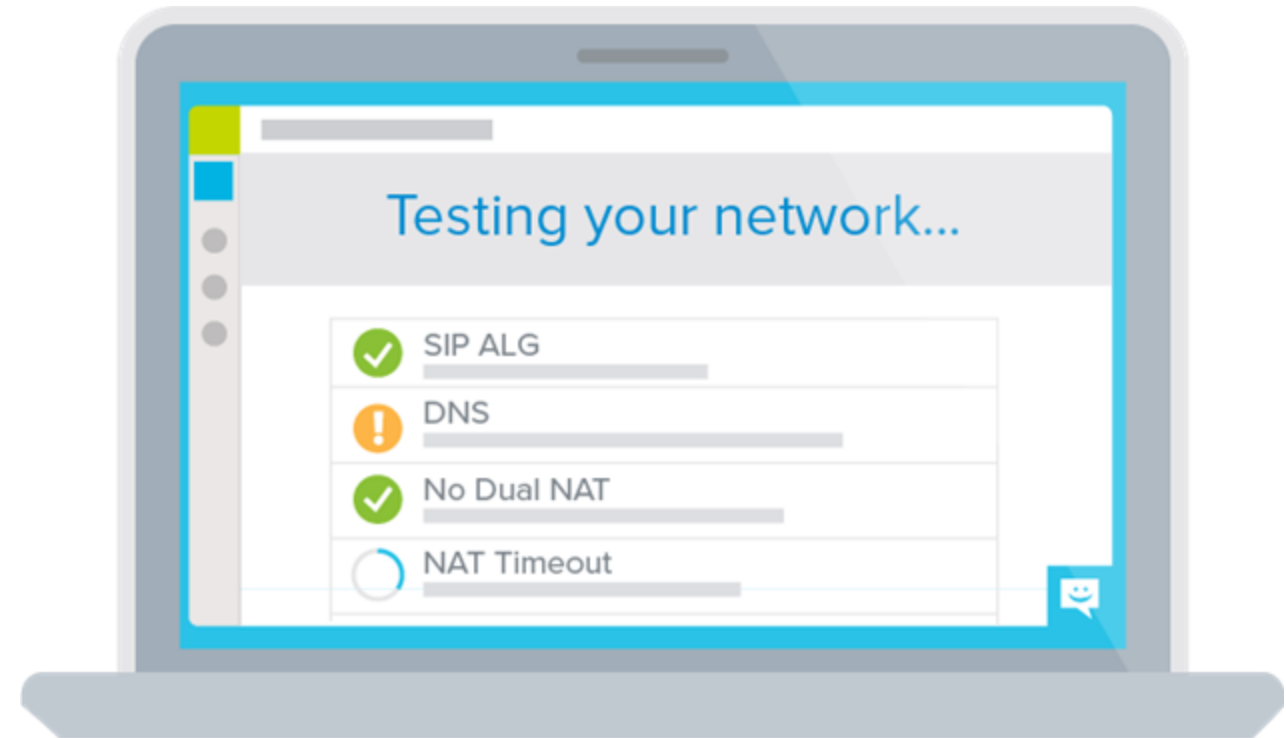

Use screen pops, click to call, and HTTP notify functionality to streamline activities and integrate with practice management tools.

KEY DIFFERENTIATOR

Jive View

Ensure the network is voice-ready *before* you find out it isn't.

What's New

Free International Calling

New Call Reports

Features: Hot Desking – Shared Line Appearance
