BORROW RESPONSIBLY

We approach student lending differently than other financial organizations. We believe that you should borrow as little as possible to pay for college. That's why we recommend considering all of your options before taking out a loan. Start by filling out the Free Application for Federal Student Aid (FAFSA) and checking out federal education loans at studentaid.ed.gov.

Follow these three steps to get started on the right path to education funding.

1. Start early (savings, scholarships, FAFSA).

2. Evaluate your needs.

3. Fill the gap with private student loans.

WE'LL BE THERE, WHEREVER YOU ARE

At Thrivent Student Loan Resources, we don't follow the old school mentality of dishing out as much money as we can. Our new approach to student lending helps you graduate with less debt. From planning for college to making sure you don't spend the rest of your life paying for it, we'll be there for you every step of the way.
