

FREE Workshop: Paying for College without Sacrificing Your Retirement

Thrivent Student Resources offers a workshop to help congregants navigate the complex process of planning and paying for college. After attending this 45-minute presentation with 15 minutes for questions, attendees will have more knowledge about:

Trends in College Costs

- How college costs have changed since today's parents were students

Net Price vs. Sticker Price

- Tools for estimating costs to attend specific colleges
- The actual price a family pays does not equal the price published by the college

Reducing the Need for Student Loans

- Ways to minimize the need for student loans starting with college selection

Other topics discussed include financial aid, establishing a family plan to pay for college, and understanding options should you choose to borrow.
