Reporting

For each client, activate only the tools
and benefit apps they want.

The Perfect Magnet for Gaining & Retaining Clients

Differentiate Yourself

Be unique! Offer your clients an all in one benefits platform that unifies employee data across all benefits and tools, and provides relevant and timely recommendations to their employees.

Add New Revenue Streams

Offer more benefits, in a more engaging, user-centric way. Just switch them on and track where your new revenue streams come from.

Increase Participation

Earn more. With 72% of users participating, and 34% return monthly on voluntary programs, our platform has a strong proven track record for engaging employees.

Retain More Clients

When your clients get from you everything they need from a single platform, there's no need to look elsewhere.

Easily Customize Each Client Portal

Quickly and easily switch on only the benefits and tools each client is interested in. Drag and drop to choose where they will be seen.

Energize Your Clients Now!
