

PAYMENTSfn

A CONFERENCE FOR PAYMENT PROFESSIONALS
DURHAM, NC APRIL 16-18, 2019

REACH A VITAL COMMUNITY: PAYMENTS PROFESSIONALS

Payment professionals create the software that automates trillions of dollars of transactions. But until now, there was no event that gathered these technologists in one conference.

PAYMENTSfn is a first of its kind event designed so payment engineers can learn from and connect with their peers. All through practical, real-world sessions.

Sponsors gain an unmatched venue to engage an audience that makes critical vendor selections and directly influences technical investment decisions. And you'll be part of building a community that the industry critically needs.

WHO IS ATTENDING?

This event is designed for payment engineers and product professionals. Our inaugural event had over 100 attendees from around the globe.

VENUE: THE HISTORIC CAROLINA
THEATRE, DURHAM, NC
