## HEALTHCARE CLEANING MANAGERS & SUPERVISORS

## CONFERENCE 2019

# HEALTHCARE CLEANING MANAGERS & SUPERVISORS Conference 2019

Proudly brought to you  
by The Interclean Group

The Healthcare Cleaning Managers & Supervisors Conference is designed for professionals managing the cleaning or infection control within health or aged care facilities. If you are committed to, and passionate about bringing a higher level of clean and hygiene to your facility, then you don't want to miss the opportunity to attend one of these training events for both Managers, Supervisors & Leading Hands.

## Why should you attend?

- Learn about the latest research on evidenced based cleaning
- View cleaning analytics from sites using the myClean system
- Network with other Managers facing similar challenges
- Bring your Leading Hands and Supervisors for FREE and have them trained to train your staff

## What will you learn?

As part of the conference sessions, we are excited to bring you the results of our latest research into evidence-based cleaning practices. These one day events will empower Healthcare Cleaning Managers and supervisors to analysis and simplify the running of cleaning operations. Learn about the power of validating the cleaning process to reduce healthcare acquired infections, keeping facilities consistently on top of the new Australian Standards in Healthcare.

As part of the day, we invite Managers to bring their Leading Hands and / or Supervisors to a FREE hands on training session to certify them in the Interclean best practice cleaning systems. Invest into your team and ensure they have the expert knowledge needed to keep your facility hygienically clean.

## Key Session Highlights

### Healthcare Cleaning Manager and Supervisor Sessions.

Join us as we reveal how some of Australia's best cleaning managers run cleaning across their organisations. This conference will help you understand the keys to a dynamic cleaning schedule as well as teach your supervisors what they can do to maximise efficiency and quality from their teams. This conference is completed with hands on training program to certify your Leading Hands and Supervisors in the Interclean best practice cleaning systems.

### Leading Hand and Supervisor Training

Afternoon training for Leading hands and Supervisors on Steps you can take NOW to reduce healthcare acquired infections in your facility. Learn how to teach you staff on:

- Touchpoint awareness
- Cleaning task sequence
- Setting up their trolley
- Moisture management
- Correct wiping procedures
- Correct mopping procedures
- Cleaning their trolley

- View what a dynamic cleaning schedule looks like
- Understand cleaning analytics and how this could help you change how you clean in the future
- Learn how important supervision is for cleaning outcomes
- Get hands-on supervisor training on our Best Practice cleaning system
- Learn what supervisors can do within their auditing to re-train their staff
