

Dilemma

Industry-specific information and processes.

Solution

1. User-Defined Fields (UDF's) and Tables (UDT's) on new screens
2. Custom Reports & Forms
Example: Remittance advice after each invoice
3. Script Display: Order item not shipped complete
Example: Order quantity, Shipped quantity, Book title & Bin location
4. Integrate Sage CRM to Sage 100
5. Integrate Website Orders

In conclusion, VBCC was able to smooth processing and reporting for our client.
