

Meet the World's Trusted Recruitment Software

Building the Future Workforce

About RChilli

A blurred background image of a person's torso and hands. The person is wearing a dark-colored blazer with four visible silver buttons. They are seated at a light-colored wooden desk, with their hands resting on a laptop keyboard. The overall atmosphere is professional and focused.

After successfully benefiting more than 1000 customers from different geographies in HR Software domain, we now bring HR Analytics to your fore. We believe in bringing right technology in most simplified form to Recruiters, Employers and Jobseekers.

RChilli, a CV Automation company that started its journey of managing CVs, from just a Resume-Parser has now taken the next-level by bringing a complete end-to-end solution for Recruitment and Talent Management software. Parse, Connect, Search-Match and Update Profiles in just One Click via CV Automation.

Overview

Be it a Job board, Applicant Tracking Software (ATS), Staffing Firm or XYZ Recruitment tool, our contribution can significantly affect your business and speed at which you hire your next.

Whether its about parsing resumes, filling online forms, going social in recruiting, using semantic to search-match profiles with job description or updating CVs with new info mustered online, we do it all for Recruitment you can imagine. CV Automation brings enterprise-class features and capability to take your business to new heights.
