10 Resolution to give authority to the Board of Directors to acquire the Company's shares

On the basis that the authority given to the Board of Directors last year to purchase up to 10% of the shares in the Company will expire June 14, 2007, the Board of Directors proposes that the shareholders resolve to replace it with a new authority to expire June 6, 2008.

The authority has been used and the Company holds 1 259 103 treasury shares.

The Board of Directors proposes that the shareholders grant the Board of Directors a new authority to acquire the Company's own shares for an aggregate par value of NOK 15,000,000 provided that the holding of the Company's shares at no time shall exceed 10% of the Company's share capital. The limit for the aggregate par value is proposed on the background that the Board of Directors shall have the possibility to acquire own shares several times provided the necessary amount of already purchased shares are sold.

The Board of Directors proposes the following resolution:

- The Board of Directors of the Company is hereby authorised to acquire, on behalf of the Company, the Company's own shares for an aggregate par value of NOK 15,000,000, provided that the total amount of own shares at no time exceeds 10% of the Company's share capital.*

- 2 *The lowest price to be paid per share shall be NOK 0.25 and the highest price to be paid per share shall be the price as quoted on the stock exchange at the time of the acquisition plus 5%.*
- 3 *Acquisition and sale of the Company's own shares can take place in the manner which the Board of Directors considers to be in the Company's best interest, but not through subscription of new shares.*
- 4 *This authority shall be valid for 12 months from the resolution by the Shareholders' Meeting, to June 6, 2008.*

The proposal was approved with more than 2/3 votes in favour.

11 Reduction of share capital by cancellation of treasury shares

The Board of Directors has pursuant to the authority granted by last years ordinary shareholder meeting purchased own shares during the course of 2006 and 2007. The Board may acquire own shares up to the date of the general meeting and the number of treasury shares acquired may therefore change between the date of the call and the meeting.

The Board therefore proposes that the Company shall cancel all the treasury shares that the Company holds at the date of the general meeting and that the share capital shall be reduced accordingly. The reduction of the share capital does not involve payments from the Company since the treasury shares will be cancelled. The Company holds in total 1 259 103 treasury shares.

The auditor presented his confirmation that there will be sufficient restricted equity left in the Company after the reduction of capital.

The Board proposes that the shareholders make the following resolution:

"The share capital shall be reduced by NOK 314 775.75 by cancellation of in total 1 259 103 treasury shares at NOK 0.25 each."

The Articles § 5 shall be changed to read:

"The Company's share capital is NOK 26 425 950 fully paid up and issued in 105 703 800 shares of NOK 0.25 each to named shareholders."

The change of the articles shall take effect from the point in time when the capital reduction becomes effective upon registration in the Norwegian Company Registry.

The proposal was approved with 2/3 majority.

12 The Board of Director's declaration relevant to the guidelines for determination of compensation to executive managers

The Board invites the shareholders to cast an advisory vote on the forward looking guidelines or policy for determination of compensation to executive managers in the Company as set out in the

Board of Directors' annual report (on page 10 in the English version of the annual report and on page 7 in the Norwegian version). The Chairman explained further about the guidelines in the meeting and invited the Shareholders to cast an advisory vote over the guidelines.

12 675 votes were registered against the guidelines.

13 Approval of stock option plan and resolutions to issue free-standing warrants

The Board proposes that the shareholders approve a stock option plan also for 2007. In 2006 the shareholders approved a resolution to issue in total up to 1,200,000 warrants securing the stock option plan for 2006. The Board granted 752,000 stock options secured by warrants under this authority in 2006.

There are currently outstanding 2,574,000 stock options/warrants giving right to purchase the same number of shares in the Company that have been granted and subscribed for but not yet exercised.

The stock option plan for 2007 follows the same principles as for previous years, but is limited to 900,000 options. The plan is to be administered by the Board and the Managing Director. Stock options will be granted to key employees, the number of stock options will be resolved by the board, the strike price will be the closing price quoted on the Oslo Stock Exchange the day before grant date, and the grant period will last until end of June 2008. The stock options can be exercised over a period of 5 years so that $\frac{1}{4}$ of the options can be exercised on the first anniversary after grant date, $\frac{1}{2}$ on the second anniversary after grant date, $\frac{3}{4}$ on the third anniversary after grant date and all or remaining options on the fourth anniversary four years after grant date; all to be exercised before June 6, 2012, and will expire thereafter.

The Board proposes that the Company shall secure the options to be granted by a shareholders' resolution to issue free-standing warrants; to be subscribed for by the optionees/key-employees prior to June 30, 2008:

- 1 *The shareholders approve the 2007 stock option plan.*
- 2 *The Company shall issue minimum 20,000 and maximum 900,000 warrants to give the right to subscribe for minimum 20,000 and maximum 900,000 shares, at a face value of NOK 0.25 each.*
- 3 *The warrants may be subscribed for by employees who are granted and enter into stock option agreements with the Company and the existing shareholders shall not have preferred rights to subscribe for warrants pursuant to the Public Limited Companies Act.*
- 4 *Warrants shall be subscribed for on a subscription form when entering into and signing the stock option agreements to take place at the latest June 30, 2008. The employees shall not pay for the warrants issued.*

- 5 *The price to be paid for the shares issued on the basis of the warrants shall be the price as set out in the underlying stock option agreements which constitute the basis for subscription of the warrants, and which shall be the closing stock exchange price of the shares the day before the stock options are granted.*
- 6 *The right to request the issuance of shares under the warrants follows from the separate option agreements but so that no warrant can be exchanged for shares later than June 6, 2012.*
- 7 *The holder of the warrant shall not have rights as shareholder with regard to capital increase, capital reductions, new resolutions on issue of warrants, dissolution, merger, demerger or reorganisation, except with respect to shares that have been issued to and paid for by the warrant holder.*
- 8 *Shares issued on the basis of the warrants shall give right to dividends declared following the date the shares are issued.*
- 9 *As part of the employee share option plan neither the options nor the warrants can be transferred other than as provided for in the underlying share option agreements and any outstanding warrants shall be transferred back to the Company as and when the right to exercise the right to request shares in exchange for the warrants is lost pursuant to the underlying share option agreement.*

Folketrygdfondet represented by Lill Aafos asked to speak and explained that Folketrygdfondet on a general basis is positive to incentive programs/shareoption programs to key employees on condition that the arrangement is structured so that there is a cap on the total compensation payable to the key employee under the scheme. Folketrygdfondet therefore voted against the resolution.

The proposal was approved by more than 2/3 majority and in total 5 964 475 votes were counted against the proposal.

14 Resolution to give the Board of Directors a new authority to increase the share capital

On the basis that the previous authority given to the Board of Directors in the ordinary shareholders meeting in June 2006 to increase the share capital will expire on June 14 this year, the Board proposes a new authority. The Board proposes that the new authority to the Board to increase the share capital with up to 10% of the current issued and paid up share capital shall include the right to issue shares in connection with mergers and acquisitions and be valid for a period of one year.

The Board proposes the following resolution:

- 1 *The Board is hereby, with reference to the Public Limited Companies act section 10-14, given authority to increase the share capital of the company with NOK 2,642,595 by issuance of up to 10,570,380 new shares, each at the par value of NOK 0.25.*
- 2 *This authority shall be valid until June 6, 2008.*

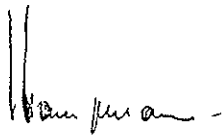

- 3 *The Board of Directors may resolve that the shareholders shall not have their pre-emption rights to subscribe for the new shares as stipulated in the Public Limited Companies Act section 10-14.*
- 4 *This authority will include capital increase by issuance of new shares both against payment in cash and against payment in kind.*
- 5 *This authorisation can be used in connection with a merger in accordance with the Public Limited Companies Act section 13-5.*
- 6 *This resolution shall be registered in the Company Registry.*

The proposal was resolved with more than 2/3 majority.
