

Kristian Johansen

TGS, Chief Executive Officer

Kristian joined TGS in 2010 as Chief Financial Officer and became Chief Operating Officer in early 2015 before being appointed Chief Executive Officer in March 2016.

Prior to joining TGS, Kristian was the Executive Vice President and CFO of EDB Business Partner in Oslo (now Evry). Mr. Johansen also has experience from executive positions in the construction, banking and oil industries. A native of Norway, Kristian earned his undergraduate and Master's degrees in business administration from the University of New Mexico in 1998 and 1999.

About TGS

TGS provides global geoscientific data products and services to the oil and gas industry to assist with licensing rounds and the preparation of regional data programs. TGS invests in multi-client data projects in frontier, emerging and mature markets worldwide that make up a data library of seismic imaging, well data and interpretive products and services.

TGS has the industry's largest collection of on-line well data in areas within North America, South America, Europe, Russia and Africa.
