

In 1929, a group of Wichita Falls Postal employees felt the need to form a financial co-operative known as a credit union. In October of that same year, the institution known today as PosTel Family Credit Union was organized. The credit union's original charter was to serve the Wichita Falls Postal employees. Now, PosTel Family CU serves anyone and their families who work or reside in five counties that include Wichita, Clay, Archer, Baylor and Wilbarger Counties.

From its humble beginnings over 90 Years ago, when the first Secretary/Manager served the members of the credit union from his locker at the Post Office until today's 29 staff members and 7 Board of Directors, we are ready to serve your every financial need. PosTel Family Credit Union is here for you.

Over the past 90 Years PosTel Family CU has weathered the storms and celebrated the good times with you, our members. You have made PosTel stronger than it's ever been, and we, the staff look forward to your next visit or phone call and how we can serve you and generations of your family for another 90 Years!

You ARE Family! It's in our name ...

DO WE HAVE YOUR CORRECT INFORMATION?

It is very important that we have your correct address and phone numbers, including business and cell phone numbers. This is especially true for holders of debit and credit cards. It is sometimes necessary to contact you if there are suspected irregularities on your account or card. Without correct contact information, you could have a transaction denied when you are the person performing the transaction.

It is also important that you notify us when you intend to travel so that our card processor will know that you are the person performing transactions out of your usual trade area, especially in larger cities or other countries.
