

## Fisdap PRE5 Exam (Pilot Version)

Thanks for your interest in being a part of the Paramedic Readiness Exam 5 (PRE5) pilot testing process! Please help the Fisdap community by administering this pilot test to your students. This essential step of the exam development process determines the validity of questions and future direction of the assessment. The PRE5 has 200 test questions (items) and it should take about 2 hours to complete. Below is an overview of the topics.

| Topic                 | # items    |
|-----------------------|------------|
| Airway                | 27         |
| Trauma                | 27         |
| Medical Emergencies   | 27         |
| Obstetrics/Gynecology | 27         |
| Cardiology            | 27         |
| EMS Operations        | 35         |
| Pediatrics            | 30         |
| <b>Total</b>          | <b>200</b> |

Please administer the PRE5 in a **secure** and **proctored** environment. Accessing the PRE5 is the same as other exams inside of Fisdap. Any student with a Fisdap account can attempt it. Fisdap staff can generate free pilot testing accounts for students who do not currently have accounts.
