

EXCELLENCE IN
OUTDOOR FIRES

*"Thrilled with the performance of the fire...
fantastic on a starry night with a nice glass of red."*

The Peninsula Waterfront Retreat, Whangamata

*Pictured: Douglas Fireplace with hearth,
stainless cap and plaster finish.*

Bring some heritage into your home. The traditional look of the Douglas is warm and inviting, relaxing your guests in no time. Impress your friends with freshly roasted delicacies served straight from the fire!

- x1 Stainless steel cooking grill (5kg)

"Very happy with the product and delighted [we] can also cook with the fire place."

**Sandra Zuschlag - Landscape Architect,
Creation Green Ltd, Queenstown**

Pictured: Hudson Fireplace with plaster finish.

Sharp, tidy, minimalistic. Don't be fooled by its good looks though, the Hudson is more than just a beautiful fireplace! Cook entrées, mains and more to keep the good times flowing. Entertaining with the Hudson is truly something else.

HUDSON™ OUTDOOR FIRE

“Our new out-door fireplace has exceeded our expectations... [it] has given our holiday home a completely new out-door living space where our family can enjoy many hours under the beautiful night sky...”

Antonia and Hayden, New Plymouth

Pictured: Burton Fireplace with plaster cladding and flue finished in black.

Sometimes, bigger just is better. The Burton refuses to be ignored. People will be drawn to its larger firebox and kept cosy as it crackles and glows. Expect great times. Expect compliments. And when guests reluctantly leave, expect them to ask for a reunion soon.

BURTON™ OUTDOOR FIRE

Dimensions: 2850h x 1800w x 700d

Weight: 1570kg

Material: Light weight fibre reinforced concrete, steel flue

Burton packaged includes:

- x1 Prefabricated Burton shell (1400kg)
- x1 6mm double-skinned steel firebox (150kg)
- x1 Steel flue (mild or stainless) (15kg)
- x1 Stainless steel cooking grill (5kg)

ENHANCEMENTS FOR YOUR OUTDOOR FIREPLACE

STAINLESS FLUE

Adds style and helps the fire draw with an anti-downdraft cowl.

GAS FIREBOX

A hassle free option - No matches, firewood or paper. Available in LPG or Natural Gas.

WOOD BOXES

Create a stunning effect with these useful wood boxes. Made from Glassfibre Reinforced Concrete (GRC).

STAINLESS STEEL DOOR

Protects your fireplace while not in use and provides a very classy look!

MESH DOOR

Great for stopping any ash from falling out of the fireplace and protection from the elements.

CHIMNEY EXTENSION

400mm concrete extension section.

STAINLESS CAP

To prevent rain from going down the chimney.

STAINLESS SURROUND

Give your Trendz fire a superior finish with the optional Stainless Steel fire surround. Replaces the black steel surround.

HEARTH

GRC concrete hearth simply bolts on to the front of the fire.

STEEL COOKING GRILL

Why allow entertaining outdoors to be limited only to Summer evenings? A Trendz Outdoor Fire allows you to keep warm and cook outside even on a cool night. Your guests not only enjoy the warmth of an open fire, but the atmosphere and ambience it creates. All Trendz Outdoor Fires come with a stainless steel cooking grill that enables you to barbecue, roast or even cook pizzas.

BAMBINO ELITE

GRANDE

PIZZA OVENS

BAMBINO ELITE™

The Trendz Bambino Elite is the real deal, with components of the highest quality. It boasts a refractory brick floor, stainless steel flue and sits on a strong wrought iron stand. The front of the oven also has a granite benchtop and storage shelf below.

GRANDE™

The Trendz Grande is the big brother to the Bambino Elite. It has the same great features but in a much bigger package!

INSTALLATION

There are just three simple steps to install a Trendz one piece Outdoor Fireplace:

STEP 1:

Contract out or DIY a concrete pad for the fireplace to sit on.

STEP 2:

Trendz delivers the fireplace to a depot. A Hiab truck is required to bring the fireplace to your site and place the fireplace onto your concrete pad.

STEP 3:

Fill the inside of your fireplace from the bottom up to the opening with concrete (about 450mm). Your fireplace comes bare, we recommend you clad it. Assemble the steel firebox into the fireplace. And enjoy your fireplace!

“We found your one piece precast fire very easy & quick to install. Very robust so in years to come we know they will stand up to the elements & last the distance. They look very appealing and are a great feature to any outdoor living area.”

Duncan Palmer, GJ Gardner Homes, Palmerston North
