

# Team Performance Overview...

## VIRTUAL WORKSHOP

Teams are the most prevalent work unit across organisations, but how many are high performing? We expect leaders to build high performing teams, yet...

- Team leaders don't have a framework for building teams
- Team leaders aren't trained on how to build teams
- Team leaders aren't given feedback on or held accountable for team dynamics and performance
- Good teamwork often goes unrewarded in organisations

One reason why teams fail is because team leaders don't have a road map or the tools they need to create high performing teams. Find out why so many organisations around the world have chosen the Rocket Team Performance Model to drive team performance. Learn how your leaders can work through practical tools to prioritise and focus on the areas that will have the greatest impact for their teams right now.

The Winsborough team can help you be the best "you" that you can be 'at work'. With more than 20 years' experience in the industrial-organisational psychology industry our team have both practical experience and scientific theory to support you in managing yourself and your work at home.

***"...we created a team oriented culture at Red Bull. All 1,000 of the company's leaders have been taught the Rocket Model, given TAS feedback, and trained on the team improvement tools ...company leadership are attributing revenue growth of around 3% to this increased focus on teams."***

***- Head of Talent Management, Red Bull***

## Understanding team performance
