

medTAB
patient experience on demand

A better patient experience starts here.

medTAB™ delivers a touchscreen experience patients understand and enjoy as soon as they touch it.

medTAB¹⁴

14" PATIENT TV-TABLET

medTAB¹⁹

19" PATIENT TV-TABLET

- Fully integrated touchscreen TV-TABLET patient device, equivalent to a 90" wall TV experience
- Fun to use, yet built for stringent healthcare use
- Securely mounted and continuously powered, with proven arm mounts and low-voltage power supplies designed and built by PDi Communication Systems, Inc.
- Optional rear VESA mounts accommodate clinic chairs or alternative mount applications
- Provides comfort to patients and staff, with ease of use and infection control designs

All-In-One Touchscreen Solution for Your Patients

TV

With a tap of the TV icon, medTAB displays the familiar TV channel programming patients enjoy.

INTERNET BROWSING

Launch the patient into the world wide web with device settings the facility can control.

SOCIAL MEDIA

Patients can login to their favorite social media channels and easily connect with their family and friends the same way they do at home!

GAMES

Patients enjoy choosing from 10 preloaded games.

NEWS

Patients can stay up-to-date with the headlines and easily access news, weather and sports on medTAB.

E-MAIL

Easy email links for patients, or visitors, who just can't break away from work or personal emails.

DISTRACT AND CONNECT

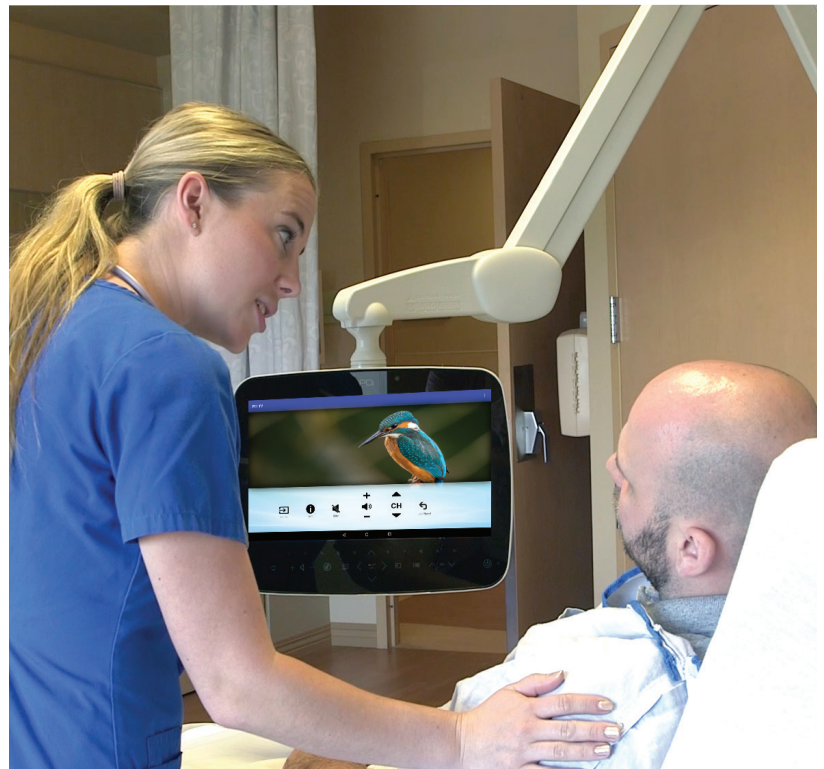

Distract patients from the anxiety of treatment by connecting them to the web, games, social media, TV and more.

ENHANCE PERSONAL COMFORT

Create a comfortable and interactive environment centered around the patient using the medTAB arm-mounted display to reduce neck, back and eye strain.

LEVERAGE THIS AFFORDABLE SOLUTION

Improve patient satisfaction and maximize reimbursements with medTAB scalable solutions designed to improve the patient experience.

medTAB delivers touchscreen TV controls to provide maximum entertainment with minimal effort.

Flexible and Secure Technology

CUSTOM BRANDING FOR YOUR FACILITY

It's easy to add facility logo, custom wallpaper, and a URL link to a landing page you want to share with your patients.

RELIABLE

The patient will never experience lack of entertainment choices using medTAB. All devices are built with TV and preloaded games, plus an ENET cable is always included.

SECURE SETUP

medTAB is designed to always protect personal patient information using restricted profiles and a unique patient PIN or password. Patient profiles can be autowiped or cleared manually from the device.

CUSTOMIZED FOR YOUR NEEDS

Offer advanced healthcare infotainment to patients and streamline communications with intelligent apps of your choice to educate, communicate, satisfy and engage patients and families.

medTAB, future-proof and scalable to fit your unique needs

Adding software to medTAB multiplies patient satisfaction.

Patient engagement, patient education, and expanded entertainment are within reach. Ask PDi how to customize and enhance the patient experience with secure access to protected health information, from many leading interactive patient software system partners, that are HIPPA covered entities.

Leverage medTAB devices, compatible with leading Interactive Patient Software Systems:

* SONIFI® Solutions require MTI and only work with PDI-TAB2 or PDi TV only sets (medTV14 or medTV19). Call for more information.

KEY FEATURES

Fully integrated all-in-one tablet plus TV

Easy USB cloning makes TV set-up and updates quick and simple

Built by PDI for UL healthcare-grade, low voltage standards

Standard 2 year Warranty or 4 year Gold Vision Service (GVS) Warranty Available.

Channel aliasing and remapping simplifies custom channel line-ups

Extended panel life, designed to last more than 7 years when powered on 18+ hrs/day

Compatible with PDI arms or available as VESA 75 x 75mm mount for mounting in any situation

Standard cabinet color is Starlight Gray. Ask about black or cream.

Designed, Programmed and Assembled in U.S.A.
