

E-Series 24" Modular Healthcare-grade LED Television

Available with Interactive Patient System or
Plug-and-Play DVD Module

Improve the patient experience, satisfaction and engagement while realizing energy savings from the latest healthcare-grade PDi E-Series ENERGY STAR® qualified flatscreen LED HDTVs. Leverage PDi's E-Series healthcare-TOUGH televisions and provide a cost effective solution to engage patients using the *exclusive modular capability* for PDi's Interactive Patient System module or a plug-and-play DVD Module.

The added benefits of the customizable Android™-based [Interactive Patient System](#) include:

- ❑ Empowers and satisfies patients and their family members through access to prescribed patient education videos and tutorials
- ❑ Enhances staff communication and efficiency through access to online satisfaction surveys, discharge instructions, and information on facility services.
- ❑ Offers added entertainment, movies, Apps, and internet access
- ❑ Plus the built-in USB drive allows patients to enjoy their own music, movies, photos and more!

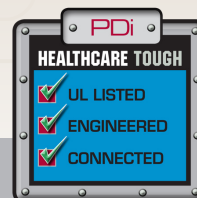

Don't be fooled by it's good looks and lustrous LED display, this ingenious solution is PDi Healthcare-TOUGH! UL-listed, engineered and connected, this healthcare-grade TV boasts all the necessary features not found in consumer sets. With pillow speaker connectivity, Pro:Idiom/MPEG4 and increased reliability for longer power-on times, your facility is sure to engage and empower patients resulting in improved patient satisfaction HCAHPS scores, all while staying within the guidelines of UL healthcare requirements.

PDi-E24LEDA Modular LED HDTV
