medTV®¹⁹ 19" Arm-mounted Patient HDTV

Designed to satisfy patients, comfortably.

BIG, BOLD AND BEAUTIFUL

The large numeric keypad is easy for patients to see and touch to change channels and volume. This personal 19" display offers a wide viewing angle for maximum patient comfort, and delivers the experience of a 90" wall TV across the room.

BUILT FOR HEALTHCARE STANDARDS

medTV¹⁹ is designed for infection control. The glass front can withstand rigorous cleanings and the antimicrobial plastics help limit HACs. Compatible with PDi low-voltage power supplies and swing arm mounts or designed for rear mount to a standard 75x75 VESA pattern.

DELIVERS PATIENT SATISFACTION

Pro:Idiom® makes it easy to keep every patient entertained with more HD channels. This securely mounted TV display reduces neck, back, and eye strain. Patients enjoy the front-facing speakers and headphone jack.
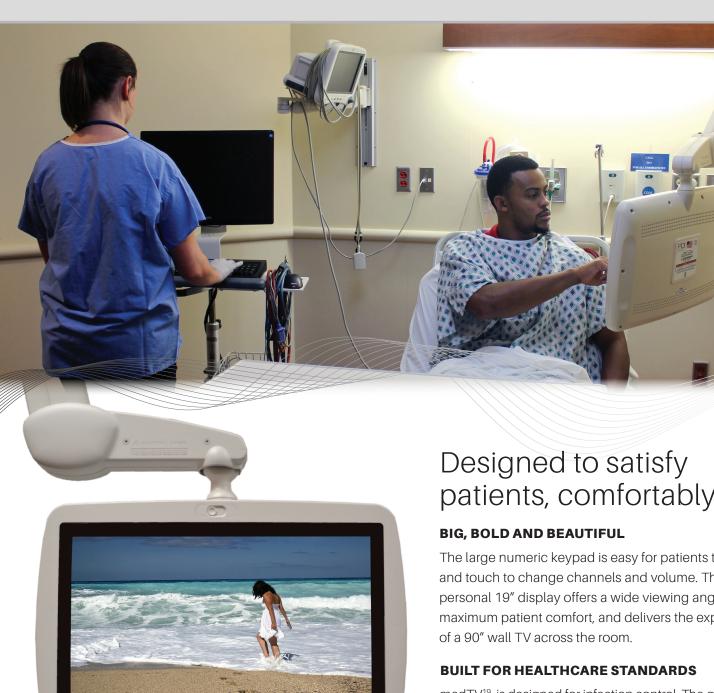

NEW RF-HEMiS™ Centrally manage medTVs using the RF-HEMiS Head-end Management Integrated TV System by PDi. Set it and forget it.

KEY FEATURES

UL Listed, low voltage, widescreen HDTV

Large, easy to push, direct entry channel buttons allow patients to access their favorite channels with ease

Front facing speakers and headphone jack minimizes noise and keeps the floor/unit quiet

Extended panel life, designed to last more than 7 years when powered on 18+ hrs/day

New RF-HEMiS or easy USB cloning makes TV set-up and updates quick and simple

Password protected set-up menus prevent patients from altering settings with IR remotes or remote control phone apps

Channel aliasing and remapping allows facility to customize and simplify channel line-ups

Compatible with PDi swing arms or available as VESA 75 x 75 mm mount resulting in a mounting solution for any situation

Standard cabinet color is Starlight Gray. Ask about black or cream.

Designed, Programmed and Assembled in U.S.A.
