Flexible and Secure Technology

CUSTOM BRANDING FOR YOUR FACILITY

It's easy to add facility logo, custom wallpaper, and a URL link to a landing page you want to share with your patients.

RELIABLE

The patient will never experience lack of entertainment choices using medTAB. All devices are built with TV and preloaded games, plus an ENET cable is always included.

SECURE SETUP

medTAB is designed to always protect personal patient information using restricted profiles and a unique patient PIN or password. Patient profiles can be autowiped or cleared manually from the device.

CUSTOMIZED FOR YOUR NEEDS

Offer advanced healthcare infotainment to patients and streamline communications with intelligent apps of your choice to educate, communicate, satisfy and engage patients and families.

medTAB, future-proof and scalable to fit your unique needs

Adding software to medTAB multiplies patient satisfaction.

Patient engagement, patient education, and expanded entertainment are within reach. Ask PDi how to customize and enhance the patient experience with secure access to protected health information, from many leading interactive patient software system partners, that are HIPPA covered entities.
