Business Visits

On-site meetings are a great way for local businesses and the SCVEDC to get to know each other and to assess how we can provide the greatest value. In fact, we meet with more than 100 companies each year and discuss business operations, needs and future plans. This allows us to capture the unique business dynamics and challenges faced by each company and offer a tailored mix of support and assistance. These face-to-face, confidential meetings are the most effective way to build relationships and deliver customized solutions with the most positive economic impact.

No-Cost Assistance

The SCVEDC is a non-profit, public-private partnership with the City of Santa Clarita, the County of Los Angeles, and private sector leadership. Our assistance services are provided at no cost to businesses in the Santa Clarita Valley, underscoring our commitment to being the most Business-Friendly region in the county.
