

LA Metro Vanpool Program

SCV manufacturers face the challenge of large employee commuter populations from Antelope Valley, San Fernando Valley and greater LA. Vanpool programs are a growing means of both employee attraction and retention. LA Metro offers a \$400 per vanpool per month incentive for vanpool vehicles provided by their partner operator, Rideshare by Enterprise. Enterprise manages all aspects of the program, including assisting employers in setting up pre-tax payroll deduction which typically saves companies about 7.5% on FICA taxes.
