

Podiatry

Lilydale and Tecoma

If you're having problems with your lower leg or foot, consider talking to one of our qualified podiatrists.

Do you have:

- arthritis
- diabetes
- numbness or loss of feeling in your feet
- corns and calluses
- ingrowing toenails
- children with foot problems

We can also check for walking patterns, prescribe orthoses (supports fitted into the shoe) and provide advice on suitable footwear.

If you have a chronic disease management (CDM) care plan you can access our podiatry, physiotherapy and dietetics services and we bulk bill. Ask your GP if you qualify for a CDM care plan.

Inspiro podiatrists can see everyone:

- health care and pension card holders
- public and private clients (shorter waitlist for private and priority clients)
- adults and children

Best foot forward: nail care clinic

Can't reach your toes? This is a nail clipping service for people aged over 65 years. Supervised by a podiatrist and treated by an allied health assistant. Not suitable for people requiring corn or callous treatment.

For more information, call Inspiro on 9738 8801.
