

ISO 26262 GAP & RAP

GAP Analysis and Recommended Action Plan

LHP will investigate current processes, execution of process, work products, documentation and tools used relative to ISO 26262, and provide a recommended action plan to become ISO 26262 compliant.

PROJECTS | PERSONNEL | TECHNOLOGY | TRAINING | ANALYTICS

ISO 26262 GAP & RAP

How long will it take?

Generally 3-6 weeks, based on organization size and location.

How we will do it?

LHP interviews key stakeholders and reviews internal process documents as well as tools used. Interviews are both formal and informal to capture the true operational behaviors.

What a Customer Can Expect

- Gap Analysis Report
 - Current State
 - Gaps in Implementation
 - Areas of Focus
- Implementation Plan Concepts
- Next Steps Recommendation

Benefits of GAP and RAP

- Understand the full exposure of ISO 26262
