14 Natural
Grain
Collection

Beautiful decking with a natural grain finish—and a price to fit most budgets.

20 RailWays®
Collection

Add RailWays® Universal Railing to your wood or composite deck for the ultimate in beauty and safety.

26 RailWays® Accessories

Customize your deck with exclusive recessed lights or contemporary metal balusters.

28 Dock Collection

Easy to install, low maintenance dock boards that will last for generations.

30 Porch Collection

Stands tough against all sorts of weather conditions.

Y e a h h !

Designed
To Make
Your Life
Easy!

Outdoor living should be easy...

DuraLife™ Decking is designed to make outdoor living carefree and easy. That's because our special low-maintenance composite formulations free you from the hassles of traditional wood decks.

Why spend backbreaking hours maintaining your deck—when you could be spending it with friends and family?

DuraLife™ Decking won't splinter or crack and requires no annual sanding or staining—what could be easier?

So go ahead and enjoy the good company, the beauty of your new deck, and the sense of freedom that DuraLife™ Decking brings to your life outdoors!

RAILING: DuraLife RailWays® Collection—Cedar railing with metal Copper Vein balusters

DuraLife™

SAFE, DURABLE DECKING SYSTEMS

Inspired by Nature. Built to Last.

Designed
To Keep You
Safe!

Outdoor living should be safe...

Did you know that some residential decking products don't even meet the most basic building codes for safety? GAF's DuraLife™ Decking Systems include our RailWays® Universal Railings—rated R1* (the highest rating possible) under the International Building Code. That means that our system can withstand more than 250% of the force required by code. *Why trust your family to anything less?*

Speaking of safety, GAF also offers the industry's strongest warranties, including the only warranty with material *and* labor coverage against product defects.** And the warranty covers all of the major components in your GAF Decking System. Check out your warranty options on the back cover of this catalog.

* RailWays® railing meets the R1, R2 rating when installed with the RailWays® enhanced post mount. Must be installed to code-approved structure. Check your local building codes.

**See ltd. warranty for complete coverage and restrictions

Deck: DuraLife™ Siesta™ Collection—Sage board. RAILING: DuraLife RailWays® Collection—Cedar railing with White balusters

DuraLife™ Siesta™ Collection (Formerly CorrectDeck CX®)

Ultra-low Maintenance Premium Decking • Ultra Stain/Fade/Mold Resistant

“Rated the top composite decking board in 2010 by the most trusted consumer advocate publication in the U.S.”

Well Done!

Made To Spoil YOU. Not Your Deck.

DuraLife™ Siesta™ Collection (formerly CorrectDeck CX®) ultra-low maintenance premium decking is made with a unique co-extruded surface. It fights the usual spoilers of wood and ordinary composite decking like wine, oils, leaves, ketchup, barbecue sauce, dirty paws, and muddy toes. It also resists mold, mildew, and color fading. And it looks great, too. So you'll spend more time relaxing and enjoying your new deck!

Install the Siesta™ Collection in combination with DuraLife™ RailWays® Universal Railing, and you can get the highest safety rating possible under the International Building Code*. One more reason to feel good, relax, and let the good times roll.

* RailWays® railing meets R1, R2 safety rating when installed with the RailWays® enhanced post mount. Must be installed to a code-approved structure. Check your local building codes.

DuraLife™ Siesta™ Collection

(Formerly CorrectDeck CX®)

Our eco-friendly decking is available in 6 contemporary, easy-to-maintain earth tones.

DuraLife™ Siesta™ Collection is available in a wide range of earth-tone colors to complement any outdoor living space. Siesta™ Collection's ColorLock™ Finishing System helps resist fading over time, unlike ordinary composite decking products.

Ordinary decking products can stain with every spill, but DuraLife™ Siesta™ Collection is highly resistant to stains, so clean up is quick and easy with just soap and water.

NOTE: It is difficult to reproduce the color clarity and actual color variations within these products. Before selecting your color, please ask to see actual samples.

Decking

**Durability.
Performance.
Aesthetics.
Carefree.**

- Made with a durable composite that withstands more use and abuse
- Built-in resistance to staining, fading, mold, and mildew
- Rich colors that last, a deeply embossed wood grain, and a unique hidden fastening system
- No exposed wood fibers on surface
- Environmentally friendly – made of recycled materials; no toxic chemicals or preservatives
- Barefoot friendly, less slippery, and won't splinter
- 30-year ltd. warranty*

* See ltd. warranty for complete coverage and restrictions

DuraLifeTM
SAFE, DURABLE DECKING SYSTEMS

Inspired by Nature. Built to Last.

DuraLife™ Natural Grain Collection

- Unique formula won't splinter, warp, crack, or rot
- Unlike wood decks, DuraLife™ Natural Grain Decking needs no annual sanding or staining
- Naturally resistant to mold, mildew and insects because it contains virtually no digestible nutrients
- High density polyethylene and rice hull composition – helps eliminate exposed wood particles found in standard composite decking that can sometimes lead to severe staining and fading**
- Made with rice hulls (rather than wood), which are an abundant and renewable agricultural fiber
- Natural deep wood grain embossing on one side and a contemporary “combed” finish on the opposite side that allows customization

** Product color will lighten slightly over time to a natural weathered tone

“RailWays® Universal Railing can withstand more than 250% of the force required by code”*

Install Peace Of Mind Outdoors

When you add RailWays® Universal Railing to your wood or composite deck, you can rest easy knowing that you're adding hours and hours of enjoyment in a safe environment.

That's because, unlike some railing products that don't even meet the most basic building codes for safety, all RailWays® Universal Railings are rated R1 (the highest rating possible) under the International Building Code*.

That means our system can withstand more than 250% of the force required by code.

Plus, RailWays® Universal Railings won't splinter or lose strength from rotting over time, like wood can.

Why trust your family's safety to anything less?

* RailWays® railing meets R1, R2 safety rating when installed with the RailWays® enhanced post mount. Must be installed to a code-approved structure. Check your local building codes.

DuraLife™

Dock Collection

**Stands tough
against all sorts
of weather
conditions.**

DuraLife™ Dock Planks feature exclusive technology protection. It's the first dock plank with a unique, co-extruded layer that provides added resistance to mold, mildew, stains, weather, wear, and fading. Its antimicrobial protection helps to provide defense against a dock's worst enemies.

The heavy-duty profile spans 24" and is designed for both commercial and residential marine applications.

DuraLife™ Dock Planks are engineered to resist rot and warping, enabling them to withstand harsh marine elements. DuraLife™ Dock Planks outlast other conventional dock materials.

Deck: DuraLife™ Dock Collection—Coastal Grey.

*"Wherever there's water, there's a reason
for DuraLife™ All-Weather Dock Planks"*

**DuraLife™ Dock Planks
are rugged and feel
very stable, with 24"
on-center supports...**

- ◆ They contain no harmful chemicals to leach into the water
- ◆ Manufactured using recycled materials — eligible for LEED®-based projects
- ◆ Patented protection on all four sides
- ◆ Deeply embossed wood grain that has excellent traction, even when wet
- ◆ Easy to install and very low maintenance
- ◆ Strong and rigid composite dock planks

NOTE: It is difficult to reproduce the color clarity and actual color variations within these products. Before selecting your color, please ask to see actual samples.

DECK: DuraLife™ Dock Collection—Coastal Grey.

DuraLife™

Porch Collection

DuraLife™ Porch Flooring combines the traditional look and warmth of wood with the durability and low maintenance of a composite.

Our proprietary tongue and groove system is engineered to provide a historically accurate porch board that emulates, yet outperforms, the traditional lumber it replaces. Each board is pre-drilled for ease of installation. And since it's made from recycled hardwood and polypropylene, DuraLife™ Porch Flooring is environmentally friendly. It's also easy to install, low maintenance, and will last for generations.

NOTE: It is difficult to reproduce the color clarity and actual color variations within these products. Before selecting your color, please ask to see actual samples.

"The natural wood appearance, strength, and durability of DuraLife™ Porch Flooring is achieved via an exclusive blend of recycled hardwood and polypropylene"

Traditional Beauty, Historically Accurate

- DuraLife™ Porch Flooring has the warmth and beauty of fine wood, without all the maintenance
- Features a tongue and groove design and a width of 3 1/8" for a traditional and historically accurate appearance
- Available in a weathered grey color and does not require painting. For custom colors, you can apply a primer and finish with a premium porch and floor enamel.
