

# Reflections

Vinyl Replacement Bay & Bow Windows

 **SIMONTON**  
Reflections®

---

Say hello to dramatic splashes of light.  
Say hello to dramatic design possibilities.  
Say hello to energy costs that are  
dramatically lower than you'd expect.

---

Say hello to an unforgettable view of the world with  
Simonton Reflections® Bay and Bow windows. The 3-window Bay welcomes  
the warmth of nature into any room, creating an inviting, cozy appeal.  
While the Bow window, which is available in a 3-, 4-, or 5-lite design,  
is perfect for adding dramatic natural light to a living room or family room. And with  
a wide range of options and styles and an attractive exterior design, Simonton  
Reflections® Bay and Bow windows are sure to accentuate any style home.

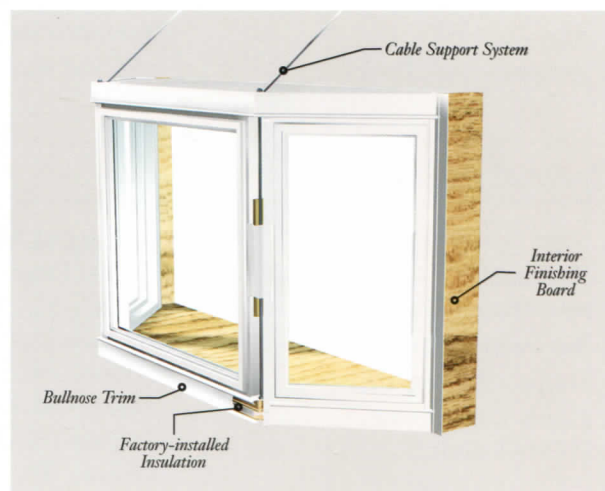

# Say hello to advanced engineering.

Simonton Reflections® Bay and Bow windows are engineered to provide superior protection against water penetration and air infiltration. And with a variety of advanced features, they offer superior durability and energy savings as well.

## Designed for structural integrity

Simonton Reflections® Bay and Bow windows are the perfect balance of strength and beauty.

- :: Fusion-welded frame and sash, for superior weather resistance
- :: Strong cables anchor the window into a secure formation for precision installation
- :: Wood interior finishing trim provides a seamless look and can be painted or stained to match your home's décor.

## Designed for thermal efficiency

Simonton Reflections® Bay and Bow windows bring the beauty of nature inside. But keep everything else outside.

- :: Contoured bullnose vinyl trim guards against conduction and its sloped interior dam provides a tight barrier against water penetration
- :: Advanced insulating glass technology creates airtight units for maximum efficiency

- :: ProSolar™ soft coat Low E glass works in conjunction with an Argon gas fill to reduce heat loss in winter and maintain air-conditioned air during the summer

- :: Intercept® spacer system with original U-channel design increases thermal performance

- :: Available Super Spacer® (made of non-metallic solid silicone foam) can replace Intercept® spacer system for even greater thermal efficiency

- :: Head and seat boards are insulated with 1-1/2" thick insulation
- :: Meets ENERGY STAR® guidelines in all areas of the country with ProSolar™ soft coat Low E glass and an Argon gas fill

# Say hello to impeccable craftsmanship.

Rugged, one-piece welded construction. Attractive, stylish designs.

Every inch of every Simonton Reflections® Bay and Bow window is engineered to deliver a sense of security without sacrificing your sense of style.

## Designed for beauty

---

Make an impression on everyone. An impression that's made to last.

- :: Bay is available in 30° and 45° angles
- :: Bow is available in 3-, 4-, or 5-lite designs, at 10° angles
- :: Head and seat boards for both styles are available in Oak and Birch veneer, and can be painted or stained
- :: Interior available in Honey Oak and Amber Oak
- :: Distinctive grid patterns offer wide range of decorating options
- :: Available tempered, tinted, laminated, or obscure glass

## Built to suit your style

---

We begin with equal glass sightlines and a sculptured sash that provides a smooth, streamlined interior.

The rest, we leave up to you. Choose from a wide variety of design features and upgrades. And let us build you a window that is truly you.

As you stand in front of your window, take solace in knowing we're standing behind it.

---

We know buying windows is a big investment. An investment you want protected. That's why we back all Simonton Reflections® windows and doors with a comprehensive warranty covering vinyl, hardware, screens, and insulating glass units. And, since all warranties are transferable, your windows add yet another great selling feature for any prospective home buyer.
