PORTFOLIO

THINK OUTSIDE.®

Clean styling makes an extraordinary statement.

Give your home a classic, crisp-looking exterior with **CraneBoard® 6**. It's the 21st century version of a time-tested surface that works in beautiful harmony with accents of stone, shake and board & batten, or can be used to cover an entire façade with smooth integrity. The triple-width, insulated span bridges structural imperfections for a flawless appearance. The milled cedargrain texture, straight face and deep shadows of the 6" profile give your house a solid, authentic presence.

Beauty meets versatility.

The 7" clapboard plank is the tried-and-true choice for an infinite variety of architectural styles.

From the traditional Colonial to the most groundbreaking Contemporary design, **CraneBoard® 7** can be used as both a starting point and an exciting accent. Its expansive, architecturally correct width combines with a perfectly straight, deeply shadowed shape and hand-milled cedar finish. Add to this design superiority a selection of expressive colors and it's a distinctive option for any home.

Elements that add immeasurable impact.

Architecture has rhythm and flow. Adding the charm and dimension of rustic, cedargrain **CraneBoard® Board & Batten** to a conventional façade offers a lively change in tempo. It can be the influential element of a number of popular homes styles, from Craftsman to Contemporary. In addition to its exceptional weather resistance, as an accent or a theme, CraneBoard Board & Batten brings vitality and interest to design.

Straighter. Stronger. Smarter.

- Only Solid CoRe™ backer foam has **moisture management** ridges that provide space for ventilation.
- Solid CoRe Siding® is **made with Neopor®*** from BASF SE, that helps to absorb and reflect radiant heat.
- With Neopor®, the R-value of Solid CoRe Siding is up to **19% higher** than standard insulated siding.
- Our exclusive TXL™ Lamination Technology provides greater **surface adhesion** and that means over **200% more** bond strength between the siding and foam.
- Only Solid CoRe Siding has 64% greater compression strength, resulting in **enhanced impact resistance**.
- The tensile strength of Solid CoRe Siding is **40% higher** than standard insulated siding, which gives it a **more durable, just-installed appearance**.
- Our denser Solid CoRe foam has **53% higher** flexural strength compared to standard insulated siding, which means **smoother, straighter walls**.
- Solid CoRe Siding also reduces noise by **up to 45%** so homeowners can enjoy **peace and quiet** while inside their home.
- Better technology means a better warranty. Our **Life of the Home Limited Warranty**, the only warranty of its kind, is completely transferable to every subsequent owner.
