

Discover the new, affordable way to offer employee health benefits!

Set a budget and reimburse tax-free for individual plans and medical expenses using a Small Business HRA (QSEHRA)

How It Works

1. Establish your budget

You control the costs and set the monthly reimbursement allowances for employees

2. Employees purchase the health plan they want

We can help provide personalized recommendations or employees can bring their own plan

3. Reimburse each month

We'll handle receipts and reporting. Automatically reimburse through payroll or write checks.

Simple Administration

✓ No Setup Fees,
No Contracts

✓ Employees Take
Photos of Receipts

✓ No Minimum
Participation

✓ Employees Choose
Their Own Plan

✓ Tax-Free for Employers
and Employees

✓ No Complicated
Paperwork
