EMPLOYMENT OPPORTUNITY

Job Title: 2nd Shift Weld Prep Technician

Reports To: Production Manager

Department: Production

Summary: To prep customer product prior to laser cladding.

Duties and Responsibilities include the following. Other duties may be assigned.

1. Responsible for prepping large metal tubes using an automated sanding machine.
2. Responsible for prepping large metal tube panels using a hand grinder.

Qualifications:

1. Must be detail oriented, organized, and keep a clean working area.
2. Experience with large material handling. Parts weigh between 100lbs – 2,500lbs.
3. Experience with overhead cranes preferred.
4. Fork light experience preferred.
5. Must work safely at all times.
6. Must be motivated, work calmly under pressure, and be a team player.
7. Must be able to multi-task with a sense of urgency.

Physical Demands:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is regularly required to stand, walk, lift, bend up and down, use hands, and talk or hear. The employee is required to lift 40 pounds on a regular basis.

Work Environment:

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

The noise level in the work environment is usually moderate to loud. Ear protection is provided. There are airborne particles due to grinding and sanding. Dusk/respirator masks are provided.
