

Project Management Services

MINIMIZE YOUR PROJECT RISK WITH OUR PROVEN PROCESSES

WHY USE A PROJECT MANAGEMENT OFFICE?

Successful healthcare organizations leverage a Project Management Office and a structured project management methodology to deliver value, business and clinical outcomes. Some benefits include:

- ▶ Strategic alignment
- ▶ Project prioritization
- ▶ Streamlined delivery process
- ▶ Spending control with cost savings
- ▶ Value delivery
- ▶ Reduced risk with low project failure rate
- ▶ Business case definition including ROI
- ▶ Increased productivity, efficiencies and quality
- ▶ Projects delivered on time and on budget
- ▶ Customer satisfaction

ABOUT LEIDOS HEALTH

Leidos Health is a leading healthcare IT consulting firm with deep clinical and technical expertise to support our customers in selecting, implementing, and optimizing information technology investments. Leidos Health offers a comprehensive range of technology services for healthcare providers — from vendor selection, strategy, design, implementation, and optimization — across all major electronic health record systems. Our professional services help providers define and enhance IT strategy, optimize technology for their clinical workflow, improve the revenue cycle, and meet regulatory requirements.

SERVICE OFFERINGS

Project and Program Management

Application and technical implementation experience in Allscripts®, Cerner®, Epic®, McKesson®, MEDITECH®, and NextGen®.

PMO Jumpstart

Proven processes, tools and methodologies supporting coordinated, repeatable processes to achieve measurable and sustainable results.

Project Rescue

Processes and resources that bring “at risk projects” back on track.

Education

We provide ongoing project management education and professional development units (PDUs) needed by PMI credential holders.

WHY OUR EXPERTISE MATTERS

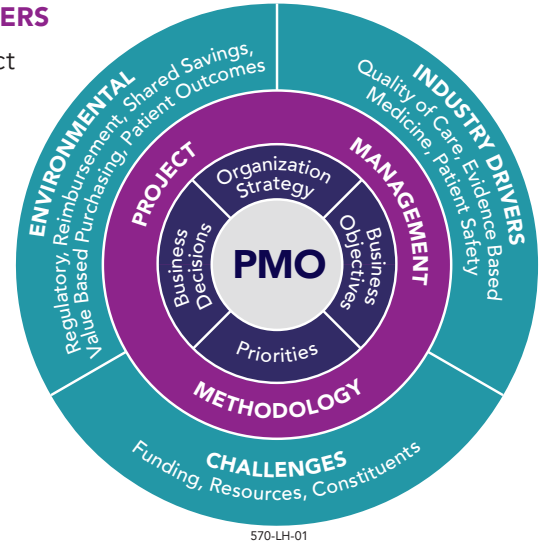

We provide experienced project management practitioners in a broad range of Healthcare IT solutions. We have used our methodologies and consultants to deliver services to enterprises of all sizes on a variety of critical and complex projects.

OUR PROJECT MANAGEMENT APPROACH

Our healthcare project management approach applies standards, structure and discipline, embraces communications and informed decision-making, minimizes risks, and applies systematic quality control.

We cater to all scenarios, from a turnkey implementation to a customized model that uses your culture, approach, templates and tools and integrates elements of our methodology and tools as best practices.

We provide a thorough risk assessment, including risk response strategies which aim to eliminate, avoid or transfer the risk – rather than just accepting or mitigating the impacts of the risk.

COMMON PROCESSES:

Schedule Management / Resource Management / Budget Management
 Communications Management / Issue Management / Risk Management
 Change Control / Quality Control / Procurement Management / Status Reporting

570-LH-02

Some hallmarks of our approach are:

- ▶ Effective communications
- ▶ Defined project governance
- ▶ Stakeholder buy-in
- ▶ Fully informed decision-making
- ▶ Systematic approach to quality control
- ▶ Comprehensive risk management
- ▶ Proactive planning
