

Dear Aerospace Colleague:

Thank you for your interest in the University of Kansas Aerospace Short Course Program for your professional training needs. Together we learn, grow, discover and transform the world in which we live.

Our federal government's recent actions regarding international travel restrictions may have caused some of you to have questions about registering for KU Aerospace short courses. We share the concern about the impact these policies and practices may have on our community and assure you we are monitoring the situation. The University of Kansas Office of International Programs has created an [informative web page](#) providing reliable updates and information about developments over the last few months.
