LOFFLER

Managed Print Services

Organizations can save up to 30% on their total printing expenditures with PrintVision Managed Print Services by Loffler.

PRINTVISION USA

Manage Your Printing Fleet

PrintVision, Loffler's national Managed Print Services Solution, helps organizations save costs, reduce their carbon footprint, and improve basic business processes. The process of managing your print/copy fleet (printers, copiers, faxes, and multifunction devices) with an MPS provider, automating document workflow, and implementing document management services, has a significant impact on the critical problem of uncontrolled spending. Whether a small business or large corporation, managed print service programs can create positive gains in efficiency and cost reduction.

Significant Cost Savings

The implementation of an MPS strategy typically provides savings of 10% or more to clients. Clients may see cost savings in the following areas:

- Device overhead, including hardware, break/fix, and toner
- Help-desk calls
- Paper costs, including storage and impact on the environment
- People costs, including streamlined business processes, document workflows and associated IT burden

Other benefits noted by clients include a reduced carbon footprint, management of supply inventory, and one contact for nationwide support.

What is Managed Print Services?

Managed Print Services (MPS) is a unified approach to the management of hard copy print devices such as printers, scanners, copiers, and fax machines. Loffler's MPS include an assessment, right-sizing, pro-active management, and on-going optimization of the printing and imaging environment. Improved automation of paper-based workflows are often part of the solution as well.

Automated Processes & Management Tools

Many of the benefits are due to better data collection and the generation of reports that share usage and trends. This allows an organization to make more informed management decisions. The Loffler MPS solution includes:

- Nation-wide service & support
- 24-hour online customer service portal
- PrintWise data collection tool
- Automated supply fulfillment
- Automated meter readings
- All parts and labor
- Live reporting of service and printer activity
- Right-sizing recommendations
- On-going review of program benefits
- Toner recycling

Choose your Financial Model:

Cost per Page

- Fixed cost per page
- Blended cost based on fleet

Cost per Toner

- Fixed cost per toner
- Toner cost based on device
