

7 WAYS TO

MAKE YOUR VOICE HEARD

Becoming visible to your local lawmakers can be as simple as a short email - with BIG results.

SEND AN EMAIL

Emails are an easy way to voice your opinion - not just on an issue, but also on the impact of your school on your community. Successful email engagement also means sending a message of support when your lawmaker does something you really like.

MAKE A CALL

Personal phone calls are a great way to build a relationship with your local legislator. Mention that you're a constituent who has an opinion or story to share with your elected official.

COFFEE HOURS

Check out your Senator/Representative's Facebook page or website for info on when and where they host coffee hours. Come prepared with a story & facts on your school.

CMAD 2020

Learn more about the political process as it relates to things like school funding & other K-12 issues at MAPSA's Charters Make a Difference Project. While you're here, enjoy a tour of the Capitol.

CDAC 2020

Join hundreds of MI charter stakeholders at the Lansing Capitol on May 13, 2020 to stand in solidarity for our schools & our work.

SCHOOL VISIT

Invite your Senator and Representative to your school, and do it often. Celebrate student awards, ribbon cuttings, special events, graduation ceremonies, etc. - and grab a photo while they're there to post on social & tag them.

VISIT THEM

Follow your lawmakers on Facebook or an email list to find out what events they host or attend, or schedule a meeting at their office in Lansing.
