GIANT POLYDRON SET (40PCS)

PL23400

~~\$179.95~~
SPECIAL PRICE
\$159.95
\$183.94
incl GST

The Giant Polydron Set allows children to build and create a variety of structures. Little hands can hold the pieces easily and children will learn about two and three dimensional shapes as they play. Each shape interlocks with the others and is marked with Braille to teach children about other forms of communication. Children will learn basic maths skills and the importance of diversity and inclusion.

GIANT POLYDRON SPHERA SET (36PCS)

PL23413

~~\$298.50~~
SPECIAL PRICE
\$253.50
\$291.53
incl GST

Unlike other Polydron sets, this Sphera Set allows children to create curved three dimensional shapes. Connecting the shapes together requires refined motor skills and a basic understanding of shapes such as cylinders and spheres. Encourage children to recognise these shapes in the classroom to make a mathematical connection to the wider world.

GIANT POLYDRON NATURAL COLOURS (36PCS)

PL23412

~~\$538.50~~
SPECIAL PRICE
\$484.65
\$557.35
incl GST

Your little ones will learn about two and three dimensional shapes as they explore the different combinations of the individual shapes in this Polydron Set. The natural colours make the set perfect for outdoor play and to link with topics such as science and nature. Children will improve their spatial awareness and teamwork skills as they play with each other to create forts, tunnels and houses.

POLYDRON SPHERA STARTER SET (50PCS)

PL23414

~~\$89.95~~
SPECIAL PRICE
\$71.95
\$82.74
incl GST

The Polydron Sphera Set is a great way for children to experiment with spherical shape such as sphere, hemisphere and cylinder. Manual dexterity skills will be required as children carefully connect the individual pieces. The set is big enough for a large group of children to play with at once, promoting sharing and problem solving skills.

TRANSPARENT POLYDRON CLASS SET (184PCS)

PL23404

~~\$249.95~~
SPECIAL PRICE
\$224.95
\$258.69
incl GST

The whole class can play at once with this Transparent Polydron Set. The pieces can be connected together to create a large variety of three-dimensional shapes such as cubes, tetrahedrons and dodecahedrons. The set will really extend children's knowledge of shapes, but can also be used for younger children to identify basic shapes and colours.

POLYDRON SUPER VALUE SET (456PCS)

PL23403

~~\$338.50~~
SPECIAL PRICE
\$270.80
\$311.42
incl GST

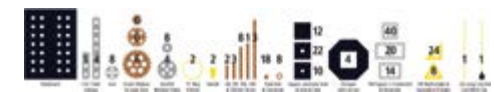

Children can create all kinds of structures with this Polydron Super Value Set. It contains pieces that vary in shape and size and connect together to build towers, vehicles and more. The set includes enough pieces for several children to design and build at the same time, allowing for creativity and teamwork.

POLYDRON ENGINEER CLASS SET (247PCS)

PL23405

~~\$348.50~~
SPECIAL PRICE
\$296.50
\$340.98
incl GST

Use the Polydron Engineer Class Set during STEM lessons to promote a love for all things mechanical. Children will use their problem solving and teamwork skills to build working gears and pulleys. Fine motor skills are also required and children can create working displays for science and maths events.

TODDLER ADVENTURE GYM (5PCS)
