#### 1. Definitions

In this Schedule, "Directions" means the Directions regarding Measures to Address, Prevent and Combat the Spread of COVID 19 related to the Biodiversity Sector published in Government Notice No. 537 of Government Gazette No. 43323 of 14 May 2020.

#### 2. Substitution of Annexure 2

Annexure 2 of the Directions is hereby substituted for the following Annexure:

#### "Annexure 2

### List of activities with associated restrictions which may be carried out during Alert Level 4

#### General provisions:

1. The carrying out of any activity indicated in the table below, in addition to the specific restrictions indicated in the table, is also subject to the following:
  - (a) adherence to the health, safety and legal requirements as prescribed in the Regulations, which includes maintaining social distancing and the wearing of face masks at all times when in a public place;
  - (b) a permit required in terms of regulations 16(2)(b) or 28(4) of the Regulations;
  - (c) the relevant permit issued in terms of the National Environmental Management: Biodiversity Act, or any applicable provincial conservation legislation; and
  - (d) veterinary health and other related legal requirements.

1A. The provisions of the table below apply to only those specimens of species that are regulated in terms of the National Environmental Management: Biodiversity Act, or in terms of applicable provincial legislation.

#### 2. For purposes of clarity—

- (a) a permit required in terms of applicable conservation legislation is, hereinafter referred to as a conservation permit; whereas a permit required in terms of the Regulations is hereinafter referred to as a disaster management permit; and  
 (b) curfew time frame refers to the period during which a person is confined to his or her place of residence as prescribed in the Regulations.

**3. A disaster management permit may be issued—**

- (a) by the—  
 (i) employer of the person who will be carrying out the activity;  
 (ii) same issuing authority who will be issuing the conservation permit where an employer is not applicable;  
 (iii) owner of the property where the activity will take place where an employer is not applicable and a conservation permit is not required or has already been issued: Provided that the disaster management permit carries the signature of the person who has issued such permit and, where relevant, the stamp of the institution; or  
 (iv) Director-General of the Department of Environment, Forestry and Fisheries or a person designated by him or her, or by the Head of the relevant provincial conservation authority or a person designated by him or her in instances where a person is self-employed, a conservation permit is not required or has already been issued and the activity will not take place on a particular property.  
 (b) on the template—  
 (i) contained in Annexure 1 (Form 2) of the Regulations; or  
 (ii) contained in Annexure 3 to these Directions.

4. Hunting, except for sport or recreation, is a permitted activity, whereas all other activities in the table below are essential activities.

5. Any restricted activity not dealt with in the table below, and which requires a person to leave his or her home, is not permissible.

6. The activities indicated in Column 2 of the table below may continue under existing permits, registrations or certificates, or under extended permits, registrations or certificates, or under new permits, registrations or certificates issued during Alert Level 4, subject to the restrictions indicated in Column 3.
