

DEWATERING SCREENS

IMPORTANT INFORMATION:

McLanahan Corporation recommends that you keep certain replacement parts at your facility. These parts will be available in the event of a breakdown and will also be available to perform any repairs that must be made as a result of regularly scheduled maintenance checks. McLanahan Corporation stocks a wide variety of commonly used components; however, storing these parts at your facility will eliminate the expense of air-freighting critical parts that may be required during a breakdown situation. Contact the Parts Department at McLanahan Corporation for price and availability of all parts for your McLanahan equipment.
