# FrogCode Editor

- Create, publish and install your own widgets and applications
- Range of training sessions and webinars available to learn how code in Frog
- Download and install widgets made by others
- NOTE: Speak to us about activating FrogCode

**FrogCode**  
Everything to do with our in-platform coding environment

**Showcase**

All widgets on this page are not built by Frog developers and Frog cannot take responsibility for maintaining them.  
[Tutorial: Installing downloaded widgets](#)

**Activity Timer**  
A much requested widget from FrogLearn. The activity timer is designed to be a tool for teachers to time activities in the classroom. It comes preset with 3, 5, 10 and 15 minutes, but it can also take manual timings.

**Google Search Widget**  
This widget is inspired by a thread from the Forum and was developed by Simon Clough from The Radclyffe School.

**Folder Search**  
Requested by Matt Day from Chosen Hill School, Folder Search allows you to search through any shared folders inside a top level folder. This is an improvement on the search built into FrogDrive, which currently only searches for files in that folder, not any child folders. The widget can also play mp4 files.

**Opinion Line**  
This widget is designed as a whiteboard activity for your class debates

# Attainment widget improvements

The screenshot displays the 'Parent Portal' interface. The top navigation bar includes links for Home, My Child, School Info, Forum, Letters Home, School Documents, and Update Details. A search bar and a notification icon are also present. The main content area is titled 'Parent Portal' with a subtitle 'Welcome to our school's Parent Portal'. Below this, there are three main sections:

- Select User:** A dropdown menu showing 'Charlie Charles'.
- Current Grade:** A table showing current and target grades for English and Maths.
- Comments:** A section for adding comments for English and Maths.

	Current	Target
English	C	D
Maths	D	C

	Comment
English	Attitude to school work is keen
Maths	Always attentive in class and keen to answer questions

# FrogProgress - New reports

**Reporting**

**Reports**

- Coverage Summary
- Exports
- Legacy Reports
- Individual
- Age Related
- Contextual Groups vs Time
- Students vs Time**

**Age Related - Students vs Time**

What % of objectives were at target status or higher in each assessment period for the selected subject. Based upon the calculation method selected, the report also indicates if the child was working at age related at that point in time. The summary at the bottom indicates the % of students that are working at age-related in all the selected subject at during each assessment period.

**Report Parameters**

Assessment Cycle: 2016/2017  
 Subject: Mathematics  
 Objectives: KPIs only  
 Calculation Method: assessed

Group: Student  
 Include Prior Gaps: no

**Mathematics**

Assessment Period			Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Percentage Assessed			18%	35%	53%	71%	88%	100%
Student 1 Frog Student 1	FEMALE							
	SEN							
	G+T	FSM			53%	71%	88%	100%
	IC	TC	18%	35%	53%	71%	88%	100%
Student 2 Frog Student 2	MALE							
					53%	71%	88%	100%
			18%	35%	53%	71%	88%	100%

## Two new reports for 'Age related expectation'

- Individual students
- Contextual groups
