OTC Panel

Portugal

Features

Panel size (ISO): 32.637 People profiled (ISO): 21.588 Estimated response rate (ISO): 63%

Updated: 15/12/2014

Size (ISO): number of panelists according to ISO 26362

Real delivery: maximum sample size of a specific target that we can deliver on a real project. It is the sum of profiled panelists and the estimated number of panelists not yet profiled.

IR% Panel: panel Netquest's incidence rate for the particular target. It is not obtained from a representative population sample. It is the result of a progressive and random panel data collection. It shows the difficulty of the target:

Netquest is certified with ISO26362 standard

The way how a panel recruits, interviews and rewards panelists is key to the reliability of the data you get. In Netquest we care about every detail, thinking of you. That's the reason why we are the only panel in Spain, Portugal and Latin America with the ISO26362 certificate, the specific standard for online Access Panels

Netquest is certified with ISO26362 standard

The way how a panel recruits, interviews and rewards panelists is key to the reliability of the data you get. In Netquest we care about every detail, thinking of you. That's the reason why we are the only panel in Spain, Portugal and Latin America with the ISO26362 certificate, the specific standard for online Access Panels
