

# Do You Have the "Safety 7" Covered?

## Rapid Response

Can you instantly alert your entire organization about an emergency and automatically escalate the situation to first responders?

## Safety Communication

Can your staff, students, and parents stay connected and maintain communication at all times?

## Accounting for People

Can you digitally take role, check the safety status of students, and perform post-emergency reunification?

## Specialized Student Safety

Do your students have a designated resource for anonymously reporting bullying and staying in the loop with safety notifications?

## Safety Awareness

Can you send engaging safety content written by experts to your stakeholders to inform them of safety risks and solutions?

## Access to Information

Do your stakeholders have instant access to your emergency plans, and do you have a streamlined method for safety drills?

## Reporting for Prevention

Do your staff or students have an easy and discreet way to directly report safety risks?
