LEASECRUNCH®

STREAMLINE THE NEW LEASE STANDARD

Simple, scalable software for all your clients

The new lease standard has introduced a tremendous amount of work for your clients and your firm. Make the implementation process as seamless as possible with LeaseCrunch.

EASY TO USE

LeaseCrunch® simplifies the complex with automated quantitative footnote disclosures, worry-free calculations, and step-by-step wizards. With our easy implementation, your clients will be up and running in days.

AFFORDABLE AND SCALABLE

Meet your clients needs cost-effectively, whether for one lease or thousands. Manage your entire portfolio efficiently in one unified interface, with the option of prominently branding the solution to your firm.

EXCLUSIVE TO CPA FIRMS

We don't compete with your firm; we're here to support and enhance your client relationships. That's why we only sell to CPA and consulting firms, never directly to your clients.

> " I close my eyes and this is what I picture when it comes to lease accounting software... extremely intuitive." - Liz, Top 20 CPA Firm
>
> *Liz, Top 20 CPA Firm*

> " This is a great application, easy to use. You just relieved a lot of my stress.
>
> *Brandon, Regional CPA Firm*

LeaseCrunch protects data privacy through a combination of Microsoft Azure, added encryption keys, and a control environment certified through our SOC 1® Type II and SOC 2® Type II reports. LeaseCrunch supports lease accounting standards GASB 87, ASC 842, and IFRS 16.
